

WIAA RULE 17.0.0: GENERAL SPORT RULES Q and A

17.1.0 SCHOOL YEAR

- 1. When do the WIAA rules take effect?**
The school year begins with the first day of the fall sports season and ends the first day following the spring sports tournaments.

17.2.0 IN SEASON

- 2. My team did not qualify for postseason playoffs. How long can we continue to practice as a team with our coach?**
The season concludes with the final day of the state event for the classification your school participates in for that sport and in that classification (the 1B state basketball tournament, for example, ends two weeks earlier than the 2A and 3A state basketball tournaments while the 2B, 1A and 4A state basketball tournaments end one week earlier than the 2A and 3A state basketball tournaments). Even though the team did not qualify, your coach could continue to coach your team until the conclusion of the state tournament for that sport.
- 3. Our basketball team is planning to play in a summer basketball tournament on the Sunday after the spring tournaments. With the impending weather reports, the state softball tournament may be postponed until after that date. Will our coach violate the out-of-season rule if she coaches us on Sunday, even though the softball tournament may not be completed?**
NO. Coaches can not be responsible for the spring tournament being postponed due to inclement weather.

17.3.0 ALTERNATE SEASON

- 4. When can a team that participates in the alternate fall season begin practice for the spring state tournament?**
Whether or not the team qualified in the fall for a spring state tournament, the team is allowed to begin practice no sooner than twenty (20) school days prior to the first day of the state tournament.
- 5. I qualified in the fall district tournament for the state tennis tournament in the spring. Are there practice requirements and, if so, can any of my teammates hit balls with me during spring practice?**

17.4.0 POSTSEASON CONTESTS

- 6. With the season limitation for baseball at twenty (20) games, if our team schedules and plays in only nineteen (19) games during the regular season, would we be allowed to play a game during the week between the regionals and the semifinals?**
YES.

17.5.0 OUT-OF-SEASON DEFINITION

- 7. Our football team is planning a team camp in the second week in August, which we realize is during the out-of-season period for our football coach. The coach will not assist in organizing or coaching and, in fact, he will not attend. The school is not sponsoring the camp. Will it be OK for the students to participate?**
YES. The out-of-season coaching rules do not prohibit students from participating in events at any time.

17.5.2 SCHOOL SPONSORSHIP

11. **An ASB pays the league entry fee for summer league competition. Is this a violation?**
NO.
12. **If a school does not have a junior high program in a sport, may the high school coach of that sport work with seventh and eighth graders?**

13. **If our school does not have a separate eighth grade program, could those eighth graders practice with the high school team?**
The school must designate a twelve-week season, even though not sponsoring a separate program. Although they would not be allowed to compete on behalf of the school (unless in a 1B school), the school then has the authority and responsibility to determine if eighth graders would be allowed to practice.

17.5.4 SCHOOL EQUIPMENT

14. **Can school uniforms or equipment be used by students participating in all star contests?**
School uniforms may be worn ONLY if the all star contests are sponsored by the Washington State Coaches Association.
NOTE: Use of school-issued football helmets and shoulder pads is contingent upon local school district policy.

YES.
16. **Could a school provide facilities, sport specific apparatus (such as batting cages, football sleds, nets, etc.), school equipment (such as football helmets and shoulder pads, balls, etc.) to be used during the summer?**

29. **Could a middle level softball coach hit balls with his/her daughter in the neighborhood park?**

17.5.6 PRACTICE

44. **As the 2004 state championship coach, I have been asked to assist in the drafting of high school players for an all star spring basketball tournament? Is that OK?**
You may assist in evaluating and drafting players onto all star teams only if none of your players are involved. Analyzing players on their performance and ability is a primary function and a regular responsibility of a coach during a practice and is permissible only during the designated WIAA season.

17.5.7 MEETINGS AND FUNDRAISING

45. **Since a coach may have one preseason meeting with his/her squad, is it permissible for that meeting to take place at a University of Washington basketball game prior to the start of the WIAA basketball season?**

During the out-of-season time period, the coach could coach high school students attending a different high school or a middle school that does not feed directly to the high school in which that coach was hired to coach.

- b) If a school district has an open enrollment policy, then a high school coach may coach students only in the high school in which the coach is hired to coach during the designated high school season or during the summer.
 - 2) During the out-of-season time period, a private high school coach may not coach middle level students who

48. **Are there any WIAA regulations governing the participation of a high school athlete between school sport turnouts or seasons?**

52. **Is unsupervised use of school outdoor facilities for specific sport practice by several 'team members' in violation of out-of-season rules?**

53. **May a softball coach of a school team coach a member of that school's basketball team in an AAU league during the softball season?**

YES, as long as she is not receiving any coaching.
55. **Could an eighth grade boy serve as manager for the high school boys' basketball team?**
YES, as long as no direct coaching is taking place.
NOTE: A manager is restricted to preparing water/drinks and providing supplies to the coach and/or players. Coaches would be violating the out-of-season coaching rules by including managers in any warm-up or practice drills in the same role as the athletes.

17.5.10 SQUAD MEMBERS AS VOLUNTEER COACHES

56. **Could a high school senior assist with the middle level basketball program in the fall?**

NO.
64. **The softball coach wants to set up the batting cage during the open gym time period each day. Is this legal?**

YES. The season for 3A basketball ends on the Sunday following the conclusion of the 3A state basketball tournament, not following your final regular season contest.
68. **Is it legal for the basketball coach to supervise basketball intramurals?**
YES, provided the students form the teams themselves, and no coaching takes place. The coach can merely serve as a gym supervisor in that case.
69. **Our boys swim coach plans to apply for an open coaching position with the local swim club (not affiliated with the high school) in which one athlete from a school that coops with our school team is a member. Would it be a violation for this person to coach both programs?**

been completed and the local school district allows summer participation for these students.

71. **May a high school baseball coach be actively involved in a summer baseball program before school is out, if the majority of the summer team roster is composed of that coach's high school team?**
YES, a coach may coach non-school teams and players during the season. However, requiring participation by student-athletes as a condition for playing on a school team would constitute a violation.

WIAA RULE 17.10.0: PRACTICE REGULATIONS

17.10.1 PRE-CONTEST PRACTICES

- One of our volleyball players will be on vacation with her family the day that volleyball practice starts. Since her dad is a club coach, could he run her through practice drills so she can count those days toward meeting the minimum pre-contest practice requirements?**
NO. Only the practices run by authorized school coaches may count toward meeting the minimum practice requirements.
- One of the wrestlers will return from basic military training one week into the wrestling season. Can basic training count towards the pre-contest practice requirements?**
NO. Only the practices run by authorized school coaches may count toward meeting the minimum practice requirements.
- One of the soccer players on our team has been training with the Olympic Development Program (ODP) in another state. Can those practices count towards the pre-contest practice requirements?**
NO. Only the practices run by authorized school coaches may count toward meeting the minimum practice requirements.
- Four of the football players will be showing their steers at the county fair in August and will miss three days of football practice. Could the coach run a practice for them on the fairgrounds?**
YES, contingent upon the school administration approving the site with the school coach running the same practice as that conducted at the school site.
- One of the boys on the basketball team broke his hand and has not been cleared by his physician to scrimmage with the team, although he has been cleared to run for conditioning. If he runs on the sidelines during a practice while the team is scrimmaging, can that count as a practice?**
NO. The player must be able to participate in all phases of the practice in order for it to count toward meeting the minimum practice requirements.
- One of the players on our volleyball team has a job that conflicts with after school practice. The coach also teaches an advanced PE class and is willing to run a special practice for her during the class. Will that allow for her to play in our first match?**
NO, participating in physical education classes does not constitute a practice.
- Due to a severely sprained ankle, one of our swimmers is unable to swim at this point. If she assists the coach with timing and other managerial duties, can those practice sessions count toward meeting the practice requirements?**
NO, she must participate fully in the practice sessions in order for them to count toward the minimum practice requirement.
- Instead of a practice on the field, our coach plans for the teams to watch game films and talk strategy to prepare for an upcoming game.**
For the purpose of meeting the pre-contest practice requirements, the practice must be a physical activity.
- One of the gymnasts on our team also participates in club gymnastics. She intends to practice for about 15 minutes at school, then continue the practice at the club where she competes. Is that legal?**

- After one of the volleyball players had participated in two practices, it was discovered that her physical was not valid. Do those two practices count toward meeting the minimum practice requirement?**
NO, a valid physical MUST be on file before a student may participate and count the practices.

17.10.2 SPORT SPECIFIC PRACTICE

- We had a student who turned out for baseball and practiced with the team for five days and then decided to participate in track instead. Can those baseball practices apply to track?**
NO. Practices in one sport can not be transferred toward the number of practices required in another sport.

13. One of the girls on the basketball team was ill and unable to meet the ten minimum practice requirement before the first game. Since the girls teams will be away for their game, could she practice with the boys team to get in a valid practice? Provided the practice with the boys team was identical to the girls team practice, and the boys coach is also under contract by the school district to coach the girls team, the practice could count.

17.10.3 PRACTICE DURING WIAA SEASON ONLY

14. **Our coach is planning to sponsor an open gym for the basketball players in October as a preparation for the upcoming season. He has a written schedule for conditioning and plays to work on, and he will be there to assist as needed. Is that legal?**
NO, coaches may conduct practice ONLY during the WIAA sport season.

17.10.4 ONE DAY EQUALS ONE PRACTICE

15. **Due to an illness, one of our soccer players missed three practices. The coach is willing to run two practices in a day, one early in the morning, and one later in the afternoon, in order for this player to be eligible for the first game. Will that be acceptable?**
Each school has the authority to decide when, where, and how long practice sessions will be conducted. However, whether the student participates in one or two practices in a day, one day is equal to one practice for the purposes of meeting the minimum practice requirements.

17.10.5.A SUNDAY PRACTICE

16. **I need only one more practice to be eligible for our first soccer game, and my coach is willing to have a special practice on Sunday.**
While WIAA rules do not prohibit a Sunday practice, Sundays may not be counted toward meeting the minimum practice requirements.

17.10.5.B NATIONAL HOLIDAY PRACTICE

17. **Our family generally travels out of state on Thanksgiving to spend time with relatives, but my gymnastics coach has scheduled practice on Thursday, Friday and Saturday of that holiday weekend. Can he do that?**
Each school has the authority to decide when, where, and how long practice sessions will be conducted. A nationally recognized holiday is an allowable practice day.

17.10.6 GAME DAY PRACTICE

18. **One of our basketball players needs only one more practice in order to play in our first game tomorrow night. If the coach runs a special practice tomorrow morning would he be eligible to play?**
NO, while the coach could schedule a practice, providing it is a full practice, it could count toward the minimum practice requirement, but practice on a game day does not allow an athlete to become eligible for competition on that day.

17.10.7 PRE-CONTEST WARM-UPS

19. **One of the soccer players on our team needs only one practice to play in our first game this afternoon. If the coach extends the pre-game warm-up to a full practice, could she play in the game?**

17.10.8 INTERRUPTION OF PRE-CONTEST PRACTICE

20. **After participating in five days of practice, one of the baseball players was in a car accident and unable to practice for two weeks. Now that he has a doctor's clearance to participate, does he need only the five remaining practices before being eligible to play in a game?**
NO, he will need the full ten practices before he will be eligible to play. Beginning with the fourth consecutive scheduled practice day that he missed, the number of days missed is subtracted from the number of days practiced.
21. **One of our softball players participated in twelve practices, then became ill and missed the next eight practices. How many practices is she required to participate in before she is eligible to play?**
That decision is left to the local school administration, the coach, the parents, and her physician. Once the pre-contest practice requirements have been met, the school will make the determination on the minimum requirements regarding return to play.

17.10.9 WAIVER OF PRACTICE REQUIREMENTS

22. **Because I played in the pep band during the state basketball tournament, I missed the first four softball practices. I know the basketball players need only five (of the ten) pre-contest practices in order to be eligible for our first game, but I was told I have to participate in the full ten practices. Is that right?**
YES. Only athletes competing in any level of WIAA sanctioned postseason playoffs are allowed up waive up to one-half of the minimum pre-contest practice requirements.
23. **Several of the football players on our team also play basketball. Since they won the football state championship, we plan to give them the next week to rest before beginning basketball practices since they will need to practice only five days before our first basketball game.**
The provision to waive up to one-half of the practice requirements is available ONLY if the players are unable to meet the practice requirement. If practices are scheduled, they should be expected to participate and are not allowed to waive that practice.
24. **My doubles partner and I qualified for the state tennis tournament in the fall since our school participates in an alternate season program. We both played baseball in the spring, so could we waive half of the required spring practices in the alternate sport?**
YES. Since the doubles team qualified in the fall (alternate) season and each member is also participating in a spring sport, up to one-half of the required number of practices may be waived.
25. **Could the son of one of the football coaches practice with his dad's team even though the son attends a different high school in a multi-high school district? The son's team did not make the playoffs so his team's season is over, but he wants to continue to practice.**

- 10. As a home school student, can I transfer to another public school for athletics?**
YES, but you need to be released by your public school of residence and then register with the nonresident school district as a home school student. In addition, your athletic participation will be subject to the transfer rule 18.25.3, and your participation will be limited to the junior varsity level for one year in those sports you participated in the previous year at the school, club or community levels.

11. **I attend two different high schools: I attend school A for 75 percent of the school day and school B for 25 percent of the school day. Can I compete for athletics at school B?**
NO, you must be enrolled half time or more to be a member of a school and represent them in interscholastic athletic competition. Your athletic eligibility is at school A.

14. **My private school had to drop its soccer program one week into the season due to lack of participation. Where am I now eligible to play soccer?**

15. **The private school I attend has not been offering a soccer program, and I have been returning to my public school of residence to participate in soccer. But next year, my private school will be starting a soccer program. Can I still participate for my public school of residence since I have already been playing on their soccer team?**
You will have to start playing for your private school once it begins offering the sport. (18.5.1)
16. **I will be taking a Distance Learning Program offered by a school district in another part of the state. Where is my athletic eligibility?**

(18.6.5)
Note: School districts can adopt a stricter scholastic policy.
19. **How should a school periodically monitor the academic progress of athletes to guarantee they are academically eligible?**
Each member school must establish a periodic grade monitoring system to guarantee that all athletes are meeting the academic standards of the current semester. It would not be necessary to establish a GPA when monitoring students' academic progress. A school would need to determine if the student is eligible academically. School district standards may be more restrictive and could require a GPA. A monitoring system would check athlete's grades two or three times during each nine-week academic quarter or equivalent. (18.6.2)
20. **I am participating in volleyball in the fall sports season. I was academically eligible at the beginning of the semester, but now four weeks into the season I am failing three of my six classes. Can I still compete in contests?**

YES, an ineligible student may practice subject to local school regulations.

24. **I will be attending summer school. How are these grades used for my athletic eligibility?**
Summer school grades become part of the second semester grades of the previous school year.
25. **I am a senior and have almost enough credits to graduate. The WIAA member school rule indicates that I need to be enrolled half-time. My high school is on a six (6) period day, so does that mean I only need to take three (3) classes?**
NO, the WIAA scholastic rule indicates you must be enrolled in and passing five (5) classes in a six (6) period day schedule to be athletically eligible. (18.5.0 and 18.6.0)
26. **I attend a private school and go to my public school of residence to swim as my private school does not have a swim program. Which school's academic grade standard am I held to for athletic eligibility?**

30. **I overslept this morning and did not get to school until the start of 4th period. Can I play in tonight's game because I missed part of the school day?**
The WIAA does not have a rule on attendance the day of a contest. Many school districts and leagues have an attendance rule for practice and game days. Please check with your athletic director on your eligibility to compete in tonight's game.
31. **My family moved to a new school district at the end of the first semester of the school year. I did not do well academically at my old school and would have been ineligible at the start of the second semester due to my poor grades. At my new school district I would be eligible because its grade standard is not as restrictive. Which grade standard is applicable in my situation?**
The grade standard of the school that issued the grades is the standard that you will be held accountable to at the start of the second semester at your new school. Your academic progress during the second semester will be under the academic standard of your new school.

18.9.0 RESIDENCE

32. **Do I need to own my home in order for my son to have athletic eligibility?**

The private school residence boundary is a 50-mile radius from the school.

A transfer student is one who is attending a school district outside of the school district where his/her family unit resides. (18.10.0)
36. **What are the restrictions on athletic participation as a transfer student?**
Transfer students are limited to junior varsity participation in those sports they participated in the previous year at the school, club or community level. Students regain full varsity eligibility after one year of continuous enrollment. (18.25.3)
37. **I am a basketball player, and my entire family unit moved from another state to Washington State over the weekend. Can I play basketball at my new school?**

Note: Subject to 18.5.0
38. **I have attended a high school outside of my resident school district the past two years. My family is moving again to another school district. Where is my athletic eligibility?**
You actually have initial eligibility at two schools. 1) You can remain at your current high school with full athletic eligibility because you have more than one year of continuous enrollment. 2) You could move to your new high school and also have immediate athletic eligibility because your entire family unit has relocated. You must meet all other conditions of athletic eligibility. (18.10.2B)
39. **My parents are legally divorced, and I have been living with my mother since the divorce. As a 10th grader I want to live with my father. What is my athletic eligibility?**
You will have full residence eligibility when you move to live with your father, if you meet all other conditions of athletic eligibility. If you were to go back to live with your mother, you would be considered a transfer student with limitations on your athletic participation. (18.10.2C)
40. **My parents are not getting along and have separated to live in different school districts. I want to live with my father and attend school in a new school district. What is my athletic eligibility?**

41. **I am a 7th grader and want to attend a school outside of my resident public school district, because it is easier for my parents to provide transportation. Are there any restrictions on my athletic eligibility?**
You will have full athletic eligibility at your new middle school. There are no transfer restrictions at the middle level for 7th and 8th graders. (18.10.2G)
42. **I have completed the 8th grade at my public middle school and now want to transfer to a local private school for the 9th grade. Will I have any eligibility problems?**

area of the state over the summer. I want to stay and finish my senior year at my current high school. Would I be athletically eligible?

- 45. Our daughter attends our local high school. We live in a multiple high school district that has four high schools. She is going to be a junior this year and wants to transfer to one of the other high schools in the district, because of some academic offerings that are not available at her high school. Will this transfer affect her athletic eligibility?**

Yes. The WIAA transfer rule is applicable for transfers within a multiple-high school district (18.10.0)

- 46. Our son attends an alternative high school in another school district. He wants to participate in sports this year. Can he participate at the nearest out-of-district high school?**

There are two options for participation: 1) As an out-of-district alternative school student, you can return to your public school of residence and compete with full athletic eligibility, or 2) you can compete at one of the high schools in the school district of the alternative school you attend. If you choose option 2, you do so as a transfer student with the restrictions of 18.25.3 for your first year of participation.

- 47. I have been attending an out-of-district alternative high school the past three years and now want to attend the public out-of-district high school for my senior year. I have not participated in athletics at any level the past two years and would like to be on the swim team for my senior year. Is this possible?**

You will now be considered a transfer student at the out-of-district high school. Your athletic eligibility is subject to WIAA Rule 18.25.3, which limits your participation to the JV level for one year in those sports you participated in the previous year. Since you did not participate in any sports the previous year at the school, club or community level, you will have full varsity eligibility as a transfer student, provided you meet all other conditions of athletic eligibility. (18.25.3)

- 48. My daughter has been struggling at her resident high school with her grades and we feel a change would be best for her. She will enroll in the neighboring school district next fall and wants to play varsity volleyball. She has been playing volleyball at the school and club level the past three years and is very talented. Will this change of schools impact her athletic eligibility?**

YES, your daughter is now considered a transfer student and is subject to the transfer rule 18.25.3. Since she played volleyball last year, she will be limited to JV participation for one year. After one year of continuous enrollment, she would regain varsity eligibility, provided she meets all other conditions of athletic eligibility. (18.25.3)

- 49. I am an out-of-district student attending a junior high as a 9th grader. I play junior golf, a sport not offered at the junior high school, and want to participate on the high school golf team. Are there any restrictions on my ability to play on the high school varsity team?**

YES, you could participate on the high school golf team because the sport is not offered at the junior high school, but your participation would be limited to the junior varsity team because you are a transfer student, provided you meet all other conditions of athletic eligibility. (18.25.3)

Note: If you have had continuous enrollment of more than one year at the junior high school, you would have full varsity eligibility on the high school golf team.

- 50. I attend a K-7 non-high school district. Where is my athletic eligibility when I become an eighth grader?**

Upon completion of the 7th grade in the K-7 non-high school district, you can choose any public or private school as your new resident school district. Once you make a choice, that school district becomes your resident school for athletic eligibility, and any further school changes would be with transfer student restrictions as per WIAA rule 18.25.3.

- 51. I attend a K-8 non-high school private school. Where is my athletic eligibility as a ninth grader?**

Upon completion of the 8th grade in the K-8 non-high school private school, you can choose any public or private school as your new resident school district. Once you make a choice, that school district becomes your resident school for athletic eligibility, and any further school changes would be with transfer student restrictions as per WIAA rule 18.25.3

- 52. I transferred to a middle school outside my resident school district at the beginning of the second semester of my 8th grade year. How will this affect my high school eligibility at the out-of-district high school?**

You are considered a transfer student for one year from the date you began attending the out-of-district school. During the second semester of your 8th grade year, this will have no effect on your athletic participation as there is no transfer rule for middle school students. But, as a high school student, you will be a transfer student with limitations on your athletic participation for the first semester of your high school season until you have one year of continuous enrollment in the school district. After one year of continuous enrollment in the school district, you will have full athletic opportunity. (18.10.1.B) (18.10.1 g)

Note: Your host school will have to submit Form 6 of the WIAA Eligibility Packet to the WIAA District Eligibility Chairperson.

54. **I am a graduate of my high school in my home country and will be spending a year in a high school in Washington State. Can I participate in sports at my host school?**
NO, you are a graduate of high school and have no further high school athletic eligibility. Your host high school may allow you to practice with the team, but you will not be able to participate in any level of interscholastic competition.
55. **I will be part of a Rotary Club Exchange for my junior year. I do not know if I will be able to participate in athletics in my host country, but want to be able to compete back at my resident public school when I return for my senior year. How do I make this happen?**

61. **I was involved in a serious car accident when I was a sophomore and was hospitalized for an extended period of time. I was unable to attend school for most of my sophomore year and am behind in credits and will not graduate with my class. I will return to school for a fifth year to earn enough credits to graduate. Will I be able to participate in athletics?**
You will need to appeal your athletic eligibility to your WIAA District Eligibility Committee. You will need to demonstrate a hardship beyond your control that caused you to be behind in credits and not graduate with your class.
62. **Our son will not graduate from high school this June with his class; basically he has just been lazy and has not earned enough credits to graduate on time. He will either take summer school or go back to school next fall to earn enough credits to graduate. We understand there is an appeal process for athletic eligibility. We want to complete the process this spring so we can make a decision on completing his credits. If he will have athletic eligibility next fall, he will return to school in the fall. If not, he will take summer school to earn his credits, then go to community college next fall.**
Your son will not be able to appeal his eligibility until the fall when he becomes a fifth year student. You should base your decision on the best academic course of action for your son, not on his possible athletic eligibility.

63. **My family moved to a new school district at the end of the first semester. My old school played golf during the fall sports season. My new school plays golf in the spring season. Am I eligible to participate in golf at my new school, even though I have already played golf for a school this school year?**
 YES, if your move to a new school is a result of a relocation of your entire family unit, you can participate in golf in the spring season at your new school. If you had been a transfer student without a move of your family unit, you would not be eligible for golf in the spring season at your new school.
64. **I am a home school student in the eighth grade. My parents are going to hold me back as an eighth grader for an additional year. How will this affect my athletic participation?**
 If the seventh or eighth grade is repeated, and such repetition is based upon documented academic reasons by the school principal, the repeated year shall not count against your six (6) interscholastic competitive years. It will be the responsibility of your parents to demonstrate to the school principal that you are being held back for academic reasons, which would be comparable to the mainstream student being held back for academic reasons. (18.14.0)

18.21.0 CONCURRENT SPORTS PARTICIPATION

65. **My daughter is a very gifted athlete. We live in a very small town and our high school is in the "B" classification. She wants to play two sports during the spring season, softball and track and field. Is this possible?**

71. **I have been invited to attend one of the Nike Basketball camps this summer. As part of the camp, I will be given a pair of shoes and workout gear with a retail value of over \$400. Can I accept this merchandise without jeopardizing my amateur status?**
 NO, to maintain amateur status a student cannot accept merchandise or in-kind gifts of more than \$300 in fair market value per sport during any one calendar year August 1 through July 31. If the merchandise was part of the camp fee paid by the student, then he/she has purchased the merchandise and it will not affect amateur status. (18.23.1A)
72. **My son has been invited to participate in a large invitation track meet this summer in California. As part of the invitation the meet organizers have agreed to pay his transportation to and from the event, as well as provide housing and meals at the event.  YES, you can accept payment for the actual expenses for the athletic trip. (18.23.1D)

73. **Our son won a car as a prize for a hole in one in a charity golf tournament. Will keeping the car affect his amateur standing?**
NO, the hole in one contest is considered a game of chance by the PGA Golf rules, and the student would be able to accept the car without jeopardizing his/her WIAA eligibility. (18.23.1)

18.24.0 COMMERCIAL ENDORSEMENTS

74. **The local newspaper prints a special edition of the paper for each sports season with pictures of the athletes, schedules, highlights of the upcoming season, etc. There is advertising from many of the local businesses as part of this special edition. Articles that are congratulatory in nature are permitted. The trademarks associated with the business may be included. Product reproductions are not permitted.

18.25.0 HARDSHIP

75. **My school does not offer German as a foreign language. I will be transferring to another school district in order to take German and other AP classes. Will I be able to play varsity sports?**
NO, you will have automatic JV eligibility for one year in those sports you participated in the previous year if you meet all conditions of athletic eligibility. (18.25.3) Having or not having an academic or athletic program is not grounds for hardship by definition. (18.25.1B)
76. **Our son attends our resident public school, but it does not have a swim program and he wants to transfer to a neighboring school district that has a swim program. Can he go through the Eligibility Appeal Process to gain athletic eligibility?**
NO, by definition, having or not having an academic or athletic program is not grounds for hardship. (18.25.1B)
Note: The only way to participate in swimming would be for your school to enter into a combined or cooperative agreement with a school that has a swim program.

18.26.0 ILLEGAL SUBSTANCES

77. **I was caught in possession of illegal drugs at school. I have been told that I am ineligible for the remainder of the sports season. I have completed the drug and alcohol assessment process and have been attending the prescribed treatment sessions. Is there any way I can regain my eligibility this season?**
YES, your eligibility may be re-instated for this violation for the current season by a recommendation from your school eligibility board, since you are currently participating in a treatment program and following the recommendations of the health care professionals. (18.26.2)
78. **I have had a drug violation in middle school and have again been involved in another drug violation at the high school. Are the violations cumulative or do they apply to the middle level and high school levels separately?**
The repeat offenses for the use of illegal substances are specific to the middle level and high school level, thereby, making this your first high school violation, which is subject to local school district policies that may be more restrictive.
79. **My school district has a 365 day or all year athletic code prohibiting the use of illegal substances for all athletes, but my friends at a neighboring high school have indicated their school athletic code is for the season only. Why are the athletic codes different?**
The WIAA requires a school district to have an athletic code that covers the sports season of participation. Schools and school districts have the right to have more restrictive athletic code rules that would cover the entire school year or the calendar year.
80. **Does a penalty for violation of use of illegal substances carry over from the middle school to high school?**
NO, the penalties for use of illegal substances are specific to the middle level and the high school level as they relate to the first violation. (18.26.0)
81. **I had an athletic code violation at my resident school. I have transferred to a new school. Will I be subject to the athletic code restrictions of my old school?**

83. **I take classes at the community college as part of the Running Start program and also take two classes at my high school. How do I compute my grades for athletic competition?**
You will have a "blended" GPA of college and high school credits. Begin by determining how many class periods are in the normal semester/trimester class schedule and the credits that can be earned at your high school. Your high school has a six-period day (six .5 credit classes). The WIAA minimum class load and number of classes that must be passed would be five class periods or the equivalent of 2.5 credits. A five-hour Running Start class equals 1 credit. If you take eight hours of classes at Running Start (the equivalent of 1.6 credits) blended with the two classes at high school (equivalent to 1 credit), you would have 2.6 credits for the semester. 2.5 credits or more would meet the WIAA standard in a six-period day. Be aware that most school districts have a more restrictive academic requirement that you must meet for athletic participation. (18.6.0, 18.27.3 and 18.27.4)
84. **I attend a private school and would like to access Running Start classes. Where is my athletic eligibility?**
Running Start is a public school educational program offering. Your eligibility is at your public school of residence where you access the Running Start program. You will be considered a transfer student back to your public school of residence with possible restrictions on your athletic participation for one year. You could still compete athletically for your private school if you maintain enrollment at the private school for at least 50 percent of the school day at the private school.
