18.5.1 **Home Based Education – Home School Contract must be on file annually in the principal's office or office of the principal's designee.** Home based students must register with a public school district with the intent to home school. Home based students do not receive assistance from the school district, nor does the school district receive FTE funding or any other outside sources for them. Home based instruction students are categorized as regular members of a school. Therefore, to be eligible ~~to participate in~~ for interscholastic ~~contests/competitions~~ **activities**, the student must:

These programs include, but are not limited to, Alternative Schools, Certified Educational Clinics, Charter Schools, Contract Based Education, Home Link, Online Schools, Parent/School District Co-Op, Virtual Academics, etc. A school district receives FTE funding for students involved in these programs. A full-time high school student in a public alternative school without athletics may participate at the resident public school that the student would normally attend or that student's public school of record.

18.5.3 **Private School Education** - A student who is a regular member in a private school may participate on the interscholastic teams of ~~his/her~~ **their** resident public school if the student resides within the service area of that public school and if the interscholastic activity is unavailable to the student in the private school.

- B. This rule may not be appealed through the eligibility appeal process.
- C. In a school district with multiple middle schools, a full-time seventh (7th) or eighth (8th) grade student in a private school who qualifies under 18.5.2 shall be able to participate at the seventh (7th) or eighth (8th) grade public school that is nearest that student's current private school provided ~~he/she~~ **they resides reside** in that school district.

- 18.6.1 **Member of the School** - The Running Start student **will not** be included on the school's P-223 count submitted to OSPI. Running Start is considered a mainstream program. The school of eligibility must be the ~~"School of Record"~~ **school of residence/record** for the Running Start student and include the same transcript records as all other students.

GUIDELINES IN ESTABLISHING RUNNING START ELIGIBILITY:

- E. It is possible that a Running Start Student would not attend any classes during one (1) of the three (3) Running Start terms and still be eligible, provided ~~he/she they~~ **they** took enough credits during the other two (2) terms to meet or exceed the number of credits per semester for athletic eligibility at the high school.
- F. Running Start is a public school mainstream educational program. Eligibility is at the public school of ~~residence~~ **residence/record** where the student accesses the Running Start program. A student could still compete athletically for the private school if ~~he/she they maintain~~ **maintain** enrollment at the private school for at least 50 percent (%) of the school day at the private school.

- 18.7.0 SCHOLARSHIP** - In order to maintain athletic eligibility during the current semester/trimester, the student shall maintain passing grades, or the minimum grade standards as determined by the school district if more restrictive, in a minimum of:

NOTE: Any class posted as a "W" indicates a student has withdrawn from the class and is not considered a class toward the minimum class or the equivalent credit requirements.

- 18.7.1 Member schools may allow only seniors who are on track to graduate to initially enroll in one less class than the minimum number of classes required **to be passed** for other students. Seniors enrolled in one less class than **required to be passed by** other students must maintain passing grades in all classes in which they initially enrolled in order to remain academically eligible. Seniors may not drop or withdraw from a class in order to remain eligible.
- 18.7.2 Any class taken as part of the regular schedule of the student during the semester/trimester shall be considered to be a full time subject.
- In order to meet the minimum requirement, classes must be for high school credit and be reflected as such on the high school transcript.**
- 18.7.4 A student shall have passed the minimum number of classes as listed in 18.7.0 in the immediately preceding semester/trimester in order to be eligible for competition during the succeeding semester/trimester. The record at the end of the semester/trimester shall be final, except for those class-for-class replacement credits earned in a regular, accredited ~~summer~~ school program or alternative educational program accepted by the school district.
- 18.7.6 **ACADEMIC SUSPENSION PERIOD** - A student who failed to make the grade requirements of 18.7.4 shall be placed on suspension. The student shall be ineligible during the suspension period. If, at the end of the suspension period, the student is passing in the minimum number of classes required above, the student may then be reinstated for interscholastic competition.
- A. In the fall, an incoming ninth grade student is not required to meet the previous semester scholarship rule in 18.7.4 provided ~~he/she they have~~ **has** met all other eligibility requirements. The student's grades will be monitored during the first designated monitoring period established by the school and every three (3) to six (6) weeks thereafter.
- B. The suspension period for high school students shall be from the end of the previous semester through the fourth (4th) Saturday in September in the fall or the first five (5) weeks of the succeeding semester/trimester. **If the suspension period falls during a non-school week (as defined in 17.15.1) and the athlete is missing scheduled competition, the week may count toward the five (5) week suspension.**
- C. The suspension period for middle level students shall be from the end of the previous semester through the first three (3) weeks of the succeeding semester/trimester.
- D. Each student is eligible on Monday of the week following the end of the suspension period. ~~Three (3) or more teaching days shall constitute a week.~~

- 18.9.0 REGULAR ATTENDANCE** - The student shall be enrolled and in regular attendance within the first 15 school days in a semester or ten (10) school days in a trimester at the start of the current semester/trimester in order to participate in interscholastic contests during the current semester/trimester. An enrolled student who receives semester/trimester grades will be considered to have been in attendance for that semester/trimester unless ~~he/she is they are~~ **they are** withdrawn from school.

PHILOSOPHY OF RESIDENCE RULE: *The WIAA residence rule is intended to create an equitable environment in which its member schools can compete, and at the same time prevent those abuses that taint the goals of interscholastic **activities athletics**. Primarily, the residence rule is intended to prevent athletic recruiting, prevent students from choosing schools for athletic reasons, and to promote the*

varied family units as the best environment for students to live in while attending school. Deterring students from running away from or avoiding imposed discipline, protecting school programs by discouraging athletic transfers and protecting the opportunities for bona fide resident students to participate are also viable reasons for the residence rule.

18.10.4 The residence area for private schools shall be a fifty (50) mile radius from the school address. **Any move by the family unit within the 50-mile radius from the school would require continuous enrollment at the original private school of residence.** NOTE: Refer to Article 3.1.1 for status of a private school district.

~~**PHILOSOPHY OF TRANSFER** - The Transfer Rule is preventative in nature and is devised to eliminate the incentive to transfer schools when the motivation is for athletic purposes and after a student has initially chosen the school of his/her choice while he/she has been living with the family unit. The Transfer Rule protects students who have previously participated in athletic competition at a member school from being replaced by students who transfer for athletic purposes and further protects students at other member schools from the effects of "school shopping" by students and "recruiting" by member schools and their agents. The Transfer Rule encourages fair play, discourages the excesses and abuses of promotion, and protects the integrity of interscholastic athletic programs for the member schools and their students. While recognizing the educational experiences that each member school provides, the WIAA member schools support the right of parents and students to attend a school of their choice. The WIAA member schools believe that once an educational choice has been made, there must be a special set of circumstances as covered in the "hardship rule" to warrant athletic eligibility when a student transfer occurs without a commensurate move on the part of the family unit.~~

The Transfer Rule is intended to create and maintain a consistent and level playing field for students in member schools. In keeping with the belief that participation in activities is a privilege and not a right, certain standards of eligibility have been established. The transfer rule protects students who have previously participated in athletic competition at a member school from being replaced by students who transfer. It encourages fair play, communication and determination while discouraging "school shopping" and abuses of promotion and recruiting by member schools and their agents. While recognizing the educational experiences that each member school provides, the WIAA member schools support the right of parents and students to attend a school of their choice during the window of transfer. Our membership also recognizes the unpredictable nature of the high school experience. Therefore, the WIAA supports the right of parents and students to attend a school of their choice, however, this does not guarantee varsity athletic eligibility. Once a student establishes themselves at a school, ~~a educational choice has been made~~, there must be an acceptable set of circumstances or "hardship" to warrant varsity athletic eligibility if ~~when~~ a student transfers schools.

18.11.0 TRANSFERRING STUDENTS - After residing in, registering with, attending, or participating with a middle level or high school, students changing enrollment to/from one school district to another school district or from one high school to another high school within a multiple high school district shall be considered transferring students. In order to be eligible for varsity competition, transferring students must meet the transferring student requirements of 18.11.1, 18.11.2, 18.11.3, or be granted a waiver under 18.13.0 and 18.26.3. This section shall also apply to those students receiving home based instruction. NOTE: Refer to Article 3.1.1 for the status of a private school district.

18.11.1 A student who is ineligible in a member school for interscholastic activities may not become immediately eligible at another member school without completing the conditions of ineligibility.

18.11.2 The following students who are attending a member school shall be deemed to meet the residence rule requirement and transferring student rule requirements:

- A. A student whose transfer is based on a bona fide change of residence to a new school (district) due to an actual physical relocation of and with the entire family unit to a different residence and preceded by termination of all occupancy of their previous residence **(unless subject to 18.10.4 or 18.11.2.H.)**
- B. A student attending a school outside of his/her their residence district for one (1) calendar year or more is eligible thereafter at that school provided the enrollment/attendance is continuous.
- D. A student who is under commitment to the Department of Social and Health Services, a student who is on juvenile parole status and a student who has been adjudicated as a ward of a juvenile court where residence is the result of assignment by the government entity charged with his/her their care.
- F. A seventh (7th) and/or eighth (8th) grade student who transfers to a school without a corresponding change of residence by his/her their family unit and who meets all other conditions of eligibility shall be eligible at the new middle school when properly enrolled. High school eligibility is subject to the transfer rule and one (1) year of continuous enrollment.
- H. **A student who wishes to transfer to a school without a corresponding change of residence by their family unit and who meets all other conditions of eligibility shall have initial eligibility at the new school only during the window of transfer (per school district policy.)**
 - 1. **The window of transfer may be accessed one (1) time during the natural break between junior high/middle school and high school.**
 - a) **If the school declares its ninth (9th) graders as junior high athletes, the window of transfer is between the ninth (9th) and tenth (10th) grade years.**

b) If the school declares its ninth (9th) graders as high school athletes, the window of transfer is between the eighth (8th) and ninth (9th) grade years.

I. Provided all other conditions of eligibility are met, a student who has established their athletic eligibility at a high school of choice, public or private, located outside their resident public school during the window of transfer described above, will be required to have continuous enrollment at the established school of choice regardless of any family unit move within the student's original or chosen resident public school district attendance boundaries.

J. CHILDREN OF "MISSION OR KEY AND ESSENTIAL" MILITARY PERSONNEL – A military service member who is deemed by the Department of Defense or the Department of Homeland Security (US Coast Guard) as "mission/ or key and essential" and who is further required to live within the boundaries of the military base, may upon arrival, enroll his/her their child(ren) in a school district the family chooses. Such child(ren) shall be considered immediately eligible provided all other WIAA eligibility rules are met. Should the child(ren) change schools, all WIAA eligibility rules, including transfer rules, must be met.

K. A student, including F-1 Visa students, coming from outside the 50-mile radius upon enrollment to an Adventist boarding school based upon being an Adventist, would be varsity eligible.

18.11.4 A student whose transfer is the result of participation in a one-year cultural or educational exchange experience with another country must file the cultural exchange form with his/her their District Eligibility Chairperson.

A. A student leaving this country for a one-year international exchange experience shall file the cultural exchange form with his/her their District Eligibility Chairperson prior to departure and will be eligible at his/her their school of origin upon his/her their return, provided all other rules of eligibility have been met.

B. An international exchange student coming to this country for a one-year cultural/educational experience is eligible at the varsity level for one (1) year only in the school in which he/she they has have been placed, provided all other rules of eligibility have been met and the student has not graduated from the high school equivalent in his/her their home country. F-1 Visa students remaining for more than one (1) year will be considered transfer students. Graduated students cannot compete interscholastically at any level (i.e., varsity or sub-varsity). This rule may not be appealed.

18.14.4 A student who has been identified as receiving special education services and are accessing educational services beyond their interscholastic eligibility may apply for a waiver of this rule by submitting a request for extended eligibility to the WIAA Executive Director. The WIAA Executive Director may grant a waiver of this rule provided the student does not pose a safety risk to him/herself or to other students.

18.15.1 **NOTICE TO THE STUDENT OR AND FAMILY:** Should the participation of a student be challenged, the administration of that school shall contact the student and parents/legal guardian to advise them of the challenge.

17.5.5 COACHES ARE ALLOW TO COACH ONLY DURING THE SEASON

***Q&A-7:** I coached volleyball in the fall. At the end of the volleyball season, I resigned and coached many of the same players on a club volleyball team. Can I reapply for the high school coaching position again in the fall?*

*NO, when a coach is hired to coach an interscholastic team, that coach has committed to following all WIAA rules throughout the WIAA school year. If you resign, **are terminated, or for whatever reason do not anticipate returning the next year and choose to coach a club team that involves students from that school during the out-of-season time period, you would cannot** be considered for that school's coaching position until at least one calendar year has elapsed since your previous employment with that school.*

~~***Q & A 31:** If we hire a club softball coach for the high school, can she continue coaching the club athletes who also attend our school?*~~

~~*If the club coach was hired after August 1 for that school year, then she may continue her non-school commitment and continue to coach the club athletes up to and through the spring sports season. If any of the club athletes are also students at the school where she is hired to coach, they could continue with the club team coached by that coach, but no new students from that school could be added to the team.*~~

17.15.8 POSTSEASON QUALIFYING EVENTS

Q&A-1: Does a league championship tournament where all teams qualify for the district tournament, but that determines only the league champion, meet this rule?

NO; either teams must be eliminated or the tournament must determine seeding for the district tournament.

18.7.6 ACADEMIC SUSPENSION PERIOD

~~**Q&A-6:** For scholastic eligibility purposes, is it necessary to check eighth grade transcripts for incoming ninth graders?~~

~~**YES;** students must meet all eligibility standards. The second semester eighth grade transcript is used to determine first semester ninth grade scholastic eligibility.~~

18.17.0: SIXTH (6TH) GRADE PARTICIPATION

Q&A-1: Since the rules now allow for sixth graders to participate in all sports except football, is my school required to now include sixth graders in those sports?

No. Just like your school determines which sports and activities to offer, it will also determine if sixth graders will be allowed to participate with the seventh and eighth grade teams.

Q&A-2: Because our middle school has an enrollment below 60 in grades 7 and 8, we have always brought sixth graders up. If we continue to do that, do the out-of-season rules now apply to those sixth graders because of this new rule?

Yes. The out-of-season rules would apply to any and all sixth graders if they participate with the seventh and eighth graders.

Q&A-3: If the participation numbers in seventh and eighth grade baseball are low, and it is decided to bring sixth graders up to play baseball, does that also mean that they must be brought up for all other sports except football?

No. With the exception of football, your school has the authority to determine in which sports sixth graders may participate.

Q&A-4: Will the middle school enrollment be a determining factor in whether or not sixth graders are allowed to participate?

No. Middle schools of any size may utilize sixth graders in all sports except football.

Q&A-5: If sixth graders are brought up to participate in softball, does that mean a sixth grader might get more playing time than a seventh or eighth grader?

Potentially. Playing time is determined by the coach based upon school policies.

Q&A-6: If my school wants to utilize sixth graders, but my league votes no because the other schools do not want to include sixth graders, is there an avenue for appeal?

Yes. The school would appeal the decision of the league to the WIAA District Board.

Q&A-7: Football is offered at my son's middle school and he will be in sixth grade this year. He has played youth football with many of the same kids for years. Will he be able to join the team with the rest of his friends?

No. Sixth grade participation is allowed in all sports except football.

Q&A-8: My daughter's middle school is offering fastpitch to sixth graders. The coach from her traveling team is interested in coaching the team. If the coach is hired, will it affect my daughter's eligibility?

No. Once the coach is hired by the school, all out-of-season rules outlined in 17.5.0 would apply to the coach. The coach would no longer be able to coach the traveling team during the out-of-season timelines.

Q&A-9: *If my sixth grade son participates in the middle level programs at his school, will that impact his future eligibility?*

No. Provided all other conditions of eligibility are met, your son will have six (6) years of eligibility upon enrollment into the seventh grade.

18.20.0

EIGHTH GRADE PARTICIPATION

Q&A-6: *After an eighth grader has played in a high school basketball game, is she also allowed to play in a middle level basketball game since both are in season?*

*Yes. Combining the number of games played at the high school level with those played at the middle level, whether concurrently or in one season following by another, each eighth grader can play in a maximum of 80 quarters. **Each middle level game played counts as four quarters, regardless of the number of quarters of actual participation in that game (subtract 4 from the 80 quarter limit for each middle level game played.)***

19.13.0

APPEAL PROCESS FOR EJECTION FROM CONTEST

Q&A-3: *During our contest last night, a player from the other team punched one of our players but it was not seen by the official. We have everything on video tape, can this be reviewed, and the correct suspension handed down to the player?*

NO; the WIAA Office will not review a video of an incident to suspend another individual when it was not seen by the official unless it is part of the appeal process for an ejection submitted by that school. The video should be sent to the opposing schools Athletic Director to be reviewed.
