Detailed explanation of WHY the request is being made to alter the sport season for this sport, classification and league/district/region:

Based on the Healthy Washington Roadmap to Recovery, we believe we have the best chance to get fall sports running March 1 while still providing a viable season format. Furthermore, there are still many details and mitigating factors our conference (which incorporates 9 different school districts) needs to have in place prior to competitions. We also are working to protect the spring sport season as much as possible while limiting the possibility of continual movement of sports and sport seasons.
