
APPENDIX 3 – POSITION STATEMENT ON CHEMICAL AWARENESS STANDARDS FOR MODEL POLICIES FOR TOBACCO, ALCOHOL AND OTHER DRUGS

Philosophy: The WIAA and its member schools recognize that the use of tobacco, alcohol and other drugs is a significant health problem for many students, resulting in negative effects on behavior, learning and their total development. The use of tobacco, alcohol and other drugs by students affects academic achievement, personal growth, extracurricular activities participation and the development of related skills. Others affected by the misuse and abuse are family, teammates and other significant persons in their lives.

The WIAA and its member schools believe that the close contact of parents/coaches, advisors, students and communities in interscholastic activities and classrooms provides a unique opportunity to observe, confront and assist one another.

It is the philosophy of the WIAA and its member schools that students should be encouraged and supported in their efforts to develop and maintain a chemical-free lifestyle.

The position of WIAA is:

1. To emphasize the health and safety of students while participating in activities and the long-term physical and emotional effects of tobacco, alcohol and other drugs on their health;
2. To promote a sense of order and discipline among students;
3. To confirm and support existing state laws which restrict the use of tobacco, alcohol and other drugs;
4. To assist schools in the establishment of policies that are consistent with WIAA minimum standards of athletic and activity eligibility;
5. To recognize and support schools that have programs to assist students who desire to resist peer pressure which directs them toward the use of tobacco, alcohol, and other drugs;
6. To require local school boards of directors to adopt, administer and implement policies and procedures regarding tobacco, alcohol and other drug use by athletes;
7. To provide and assist the schools of the state in developing and administering model policies; to act as a clearinghouse for recent court rulings, opinions, trainers and facilitators.

APPENDIX 4 – MIDDLE LEVEL PHILOSOPHY

MIDDLE SCHOOL PHILOSOPHY – Recognizing the unique developmental needs of the middle level student, the WIAA promotes activities that build student success through active participation, increased skillbuilding, and positive sportsmanship.

Participation

- Emphasize participation over win/loss records
- Provide opportunities for everyone to participate
- Balance competition with cooperation
- Encourage lifelong participation in activities
- Emphasize having fun

Skillbuilding

- Develop age appropriate skills
- Focus on fundamentals
- Develop skills as a foundation for improvement

Sportsmanship

- Develop a positive team attitude
- Encourage, cooperate and collaborate with peers
- Present positive adult role models that demonstrate self control and (mutual) respect

Middle School Coaches Shall Understand

- Students have varying levels of ability, and coaches need to present a developmentally appropriate program for students.
- Positive encouragement is the strongest tool for learning.
- Coaches should provide a safe environment for kids to “risk” and grow.
- Activities should be meaningful and fun.
- Fundamentals and practice are the building blocks for a successful athlete.
- Coaches are a key role model.
- Every team member’s responsibility is to encourage one another.
- Today’s superstar could be tomorrow’s bench warmer and vice versa.
- The importance of commitment and responsibility.

APPENDIX 5 – WSCA SPORTS SEASONS POSITION STATEMENT

The following was adopted by the Washington State Coaches Association in 1985: The WSCA Executive Board applauds multi-sport athletes and goes on record as encouraging middle level and high school students to participate in as many activities as the school makes available. Each season has a defined season and a maximum number of contests allowed. Coaches should encourage athletes to continue to train and/or compete in several school programs, particularly a variety of sports. Should an athlete desire to excel in one sport by participating outside of the designated school season, WIAA out-of-season rules prohibit the specific sport coach from coaching the athlete in any way. The Association encourages its members and parents to examine the research regarding the physical and psychological impacts on youth who play only one sport year round.

APPENDIX 6 – GENDER IDENTITY

Language and terminology are continually evolving, which means that people talk and think about gender in many different ways. However, below are a number of commonly used terms (and key aspects to each of our identities) to use as a starting point for any conversation about gender:

1. Assigned Sex describes the sex a person was given at birth based on their anatomy. Falls within two categories: female and male.
2. Gender Expression describes the external ways in which a person expresses their gender identity to the world, such as through their behavior, emotions, style of dress, hairstyle, makeup, interests, or choice of toys, colors, or activities.
3. Gender Identity refers to a person’s innate sense of their own gender. This can include being female, male, both, genderfluid, or other—regardless of their assigned sex at birth. The most commonly used terms to describe gender identity include, but are not limited to, the following:
 - *Cisgender is an adjective that is used to describe a person whose assigned sex aligns with their gender identity, e.g., someone who was assigned female at birth and whose gender identity is female. Most people are cisgender.
 - *Transgender is an adjective used to describe a person whose gender identity differs from their assigned sex, e.g., someone who was assigned female at birth, but whose gender identity is male.
 - *Nonbinary is an adjective that can be used to describe a variety of gender identities that do not fall into one of the two traditional (binary) categories—male or female. It can indicate a person’s gender identity that is something other than male or female, that is neither entirely male nor entirely female, or that blends elements of being male or female.
 - *An example of correct usage for these adjectives include: a *cisgender person*, a *transgender person*, a *nonbinary person*.
4. Sexual Orientation is a collection of terms used to describe to whom one is emotionally, physically, and/or romantically attracted. Like cisgender people, transgender and nonbinary people will also use any sexual orientation descriptor including straight, gay, lesbian, bisexual, asexual, queer, etc. *Note: Gender identity terms (e.g. cis, trans, nonbinary) are not sexual orientation labels.*

Additional Terms:*

Gender Binary. An assumption that gender is limited solely to two categories, male and female, rather than a classification of genders that exist along a spectrum.

Transitioning is a verb describing the process through which a person begins to live in congruence with their gender identity. Each person’s transition is distinct, but possible steps may include any combination of legal, medical, or social changes (e.g., changing their name and pronouns, identification documents, appearance, etc.).

CORE VALUES: The WIAA Gender Identity policy has been developed based on the following core values.

- Recognizing the value of and maximizing participation in extracurricular athletics for all students
- Emphasizing that participation in extracurricular athletics is not just allowed, but encouraged for all students
- Operating from the presumption that all students will have access to programs and eligibility policies
- Reducing socio-economic barriers to participation.
- Acknowledging that this WIAA policy will need to be reviewed and revised each classification cycle or outside of that time-line, when information is available that necessitates a review or in response to a request by member school(s)
- Encouraging inclusive practices amongst member schools
- Encouraging participation for all athletes in a safe and supportive environment, free from discrimination

APPENDIX 7– PHILOSOPHY AND PROTOCOLS RELATED TO WIAA HANDBOOK RULE 24.0.0 ILLEGAL RECRUITING

One of the responsibilities of being a member of the WIAA is a commitment to follow the philosophies and guidelines developed by the member schools as they relate to WIAA sanctioned activities and athletics.

1. **Washington Interscholastic Activities Association’s philosophy on the recruiting of student-athletes to or from schools.** That philosophy, outlined in WIAA Handbook Rule 24.0.0, states:

“Students who demonstrate special skills and talent in any of the activities under the jurisdiction of the Washington Interscholastic Activities Association should not be subjected to pressures to enroll or continue to be enrolled in a member school outside of their normal enrollment area. The rules do not prohibit legitimate school public relations, promotion or marketing. Rather, these rules prohibit capitalization upon a school’s athletic program and/or a student’s athletic interest, potential or proficiency as a factor in determining school attendance. Efforts to induce students to enroll or continue to be enrolled in a member school because of the students’ special talent or skill is considered recruiting. Recruiting of students or attempted recruiting of students for athletic purposes is prohibited, regardless of their residence.”

2. As a member school you agree to support and abide by the WIAA philosophy on the recruiting of student-athletes to schools.

The member schools of the WIAA deplore any attempt, whether direct or indirect, to influence students to enroll at a certain school for an athletic purpose. Any attempt by those affiliated with the school or acting on behalf of the school* to directly or indirectly influence students to attend their high school for an athletic purpose shall render school personnel and the school itself subject to penalties, including, but not limited to, disqualification from district and/or state competition. Students who attend a school for an athletic purpose shall be ineligible at all levels of play and for all sports for one full calendar year.

(*) People affiliated with the school include, principals, assistant principals, coaches, teachers, any other staff members or students, or any organization having any connection to the school.

3. Member schools agree to support and abide by the Washington Interscholastic Activities Association’s philosophy on financial incentives designed to recruit student-athletes. That philosophy, outlined in the WIAA Handbook Rule 24.1.0, states that:

“No student athlete may receive, or be offered, any remunerations of any kind, or receive or be offered any special inducement of any kind which is not made available to all students or applicants who enroll or continue to be enrolled in the school or apply to the school.”

If families of potential students contact our school, we will present them with a complete, accurate, and inspirational picture of their overall educational and co-curricular programs, then allow them to make an unfettered choice. We therefore choose to abide by the following appropriate communication protocol:

- No one affiliated with the school or acting on behalf of the school * may initiate contact with prospective student-athletes and/or their parents.
- When a coach is approached by a potential student, her/his family or representative of the family, the coach must refrain from discussing the schools programs and advise the applicant or family to contact the school’s registrar for further information.
- While an applicant is engaged in the registration process, coaches must refrain from discussing school programs with her/him, her/his family or a representative of the family. This limitation on communication applies until a student is officially registered in the school.
- No one affiliated with the school or acting on behalf of the school * will actively seek out prospective student-athletes for their schools by attending youth or middle school camps or competitions.
- Schools may host athletic competitions or camps at their own venues and coaches may be present and involved in the management of those events provided they do not use these events as a mechanism for enticing potential student athletes.
- Any effort made to encourage an applicant to attend must be aligned with efforts made for all students to attend. Special efforts must not be made to encourage potential students interested in athletics to attend unless parallel efforts are made for all potential students.

4. Resolution of Questions and Concerns: Should a question or concern arise between schools regarding compliance with these philosophies and protocols, the school that has the question or concern should contact the other school directly. This approach fosters open and positive communications between member schools and is in keeping with the spirit of collegiality that serves as a foundation for the WIAA. If a question or concern cannot be satisfactorily resolved between schools, then it should be elevated to the league and/or the WIAA for further consideration.

5. Private Schools: If financial aid is provided, it must be granted solely on the basis of financial need. A family’s demonstrated financial need is determined in accordance with the process that is established by each school. Schools may offer merit scholarships which are defined as awards based on scholastic achievement. No financial aid or merit scholarship may be offered on the basis of athletic ability.

Private schools have the right to engage in promotion, marketing, and public relations efforts that are consistent with WIAA Rules. Such efforts may include:

- Promotion and marketing of schools and their total programs to the general public. Examples include, but are not limited to, advertisements with various media outlets, admissions open houses, and attendance at local or regional school fairs.

- Offering programs to attract students based on the overall educational and co-curricular programs of the school. Examples include, but are not limited to, admissions office staff visiting local schools and feeder schools and arranging with our admissions offices to have groups of students visit our schools.
- Private schools may have direct contact with any students currently enrolled in that school's own middle school/junior high program. Examples include, but are not limited to, attending competitions and instructing during team practices during the designated season.

APPENDIX 11 – CODE OF ETHICS

It is the duty of all concerned with school athletics:

1. To emphasize the proper ideals of sportsmanship, ethical conduct and fair play.
2. To eliminate all possibilities which tend to destroy the best values of the game.
3. To stress the values derived from playing the game fairly.
4. To show cordial courtesy to visiting teams and officials.
5. To establish a happy relationship between visitors and hosts.
6. To respect the integrity and judgment of sports officials.
7. To achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.
8. To encourage leadership, use of initiative, and good judgment by the players on the team.
9. To recognize that the purpose of athletics is to promote the physical, mental, moral, social and emotional well-being of the individual players.
10. To remember that an athletic contest is only a game - not a matter of life or death for player, coach, school, official, fan, community, state or nation.

APPENDIX 12 – PHILOSOPHY OF DANCE/DRILL TEAMS AS ACTIVITY SQUADS

Interscholastic athletics shall supplement the secondary curricular program and provide students with educational experiences and learning outcomes that contribute toward the development of attributes of good citizenship. This can be accomplished only when emphasis is placed upon teaching "through school athletics". Interscholastic athletics can be justified only when this is the primary philosophy and purpose.

Being one of the most recognizable representatives of a school, Dance/Drill Team members are in a position of influence; therefore high standards of conduct are essential. Positive personal behavior and team cohesiveness demonstrate these standards.

Appropriate behavior will help earn the respect of the student body which is the core of developing effective school spirit and student involvement.

THE PURPOSE OF DANCE/DRILL TEAMS:

- A. Dance/Drill sports teams compete as athletes. Members must condition, practice and warm up the same as other athletes in preparation for a performance.
- B. Dance/Drill team competition requires the development of physical skills, performed in a choreographed routine. During a competition the team's performance is judged. Dance/Drill Team competition is a part of the total educational program. Dance/Drill Team competition serves to develop leadership, confidence and skill.
- C. Dance/Drill activities teams serve as support groups for the interscholastic athletic programs within the school. Each team strives to boost school spirit, promote good sportsmanship and help student participants achieve the most worthwhile educational objectives of the interscholastic program.
- D. The role of Dance/Drill Teams as an activity is one of entertainment. Dance/Drill activity teams focus on creating a cooperative spirit among members and other groups within the schools, contributing to school spirit through performances and promoting good sportsmanship.

APPENDIX 14 – HISTORICAL PERSPECTIVE OF WIAA

1900-1925

Although the records are not precise before 1925, there is considerable evidence to show that the schools in Washington were deeply concerned about interscholastic athletics. Shortly after 1900, the Washington High School Athletic Association was formed. Meetings were held in conjunction with the annual Washington Education Association conventions. A three-man Board of Control administered the affairs of the Association. Much of our basic philosophy was established, yet the need for more complete organization became apparent. The National Federation lists 1920 as the year of our official beginning.

1925-1958

1925 to 1958 saw considerable growth in the development and control of interscholastic athletics in Washington State. In February of 1925, by referendum vote, an assembly of eight (8) was chosen from eight districts to formulate rules for the Association. The next month the assembly was expanded to sixteen (16) to conform to the number that came to the State Basketball Tournament. During the ensuing years the number of Board of Control members increased from three (3) to eight (8), Representative Assembly members from eight (8) to thirty-two (32), and administrative districts from eight (8) to ten (10).

In 1936 our State joined the National Federation. The March 1946 Representative Assembly authorized the formation of a State Officials Association for Football and Basketball. The junior high schools of the state came under the jurisdiction of the Association through action of the September 1946 Representative Assembly. A Junior High Committee, created in March 1952, and now a permanent committee, drew up the current Rules for Junior High Schools. They went into effect in July 1954.

In 1950 Henry DeYoung became the first full-time Executive Secretary and offices were established in the Lloyd Building in Seattle.

1958-1983

On July 1, 1958, WHSAA became WIAA. Debate and music were added to athletics to make our organization the Washington Interscholastic Activities Association. Proper constitutional changes were made to create permanent state music and debate committees. Two school directors became ex-officio members of the Representative Assembly. An Assistant Executive Secretary was added to the staff in July 1961. Wrestling officials were added to the WOA in 1963, and an Officials Association for Girls' Sports was added in 1974.

On May 1, 1964, the Association offices were moved to the WEA Building in Seattle. Regulations for girls' athletic activities were added to the Association by action of the 1967 Representative Assembly. In July of 1970, WIAA was privileged to host the 51st National Federation Annual Conference. The Association moved into its own office building near Lake Sammamish in Bellevue on November 1, 1971. In 1972 the Executive Board was increased from eight (8) to ten (10) members; and an Assistant Executive Secretary for Girls' Sports was added. In 1977, the Representative Assembly grew to thirty-five (35) members, and an Administrative Assistant for Publicity was added to the staff. The WIAA became a nonprofit, incorporated Association in 1980.

In 1981 the WIAA Districts were reduced from ten (10) to nine (9). The Executive Board membership remained at ten (10) with one member at large elected from the west side. The title of Executive Secretary was changed to Executive Director.

After 21 years of service to the schools of the State of Washington, Henry E. Rybus retired as Executive Director receiving the National Federation's highest service award in 1982.

During the 1982-83 school year WIAA "piloted" the catastrophic insurance coverage plan for the member school districts of Washington State. The plan was offered nationwide the following year.

1983-Present

In the summer of 1983 WIAA hosted the 64th National Federation Annual Conference.

In 1984, softball and soccer associations and boards were added to the Washington Officials Association. Additional state tournaments added in 1984 were: "AA" Girls' and Boys' Soccer; "A/B" Softball; "AA" Boys' and Girls' Swimming; and "A/B" Tennis.

Following the 1977 pioneering of the multi-championship football games of the "Kingbowl", WIAA offered the nation's first concurrent basketball tournaments in one facility at the Tacoma Dome in 1985, and added a second "AA" tourney in 1988.

"Project High Five" and the academic achievement recognition program were initiated by the WIAA Board during 1984.

Washington hosted the Annual National Federation Sections seven (7) and eight (8) meeting in October of 1985, in 1997 and in September of 2019.

In 1987, Cheerleading became a WIAA sanctioned activity and state tournaments for "B" Softball and "A/B" Golf were added. US Bank was the corporate sponsor of WIAA State Tournaments from 1987 through 1996.

In 1988 Theatre/Drama was added as a WIAA sanctioned activity and the "AA" and "AAA" classifications returned to a 16-team basketball tournament after 25 years of regionals. Academic state champions were recognized in each classification in each sport and activity under WIAA jurisdiction at the state championship events. After three years of study, the Washington Officials Association (WOA) and WIAA member schools entered into an unprecedented agreement with the Washington State Labor and Industrial (L&I) Department to assure workers compensation insurance coverage for all WOA Officials.

In 1989, Boys A/B Soccer and a separate Girls' Golf Tournament were added and Mat Classic I took place in the Tacoma Dome. Dance/Drill became a WIAA sanctioned activity in 1990.

WIAA Schools named student "Dreamers and Doers" to the national Disney sponsored program starting in 1989-90. In 1991-92 the program was discontinued, and the WIAA/ALPAC/7-UP/Hugh McElhenny scholarship was inaugurated for "Believers and Achievers".

John Olson joined the Executive Staff as WIAA's first legal counsel in 1990.

WIAA Executive Director Cliff Gillies served as the National Federation President in 1990-91. That same year the sportsmanship recognition medallions were introduced at the state tournament contests.

The 1992 Spring Sports State Championships were held statewide at three sites: Tacoma area (AAA), Spokane area (A/B), and Washington State University (Pullman area) (AA). AA/AAA Track (Startrack) and A/B State Track Meets remained at their traditional sites of Tacoma Lincoln Bowl and Eastmont High School. This was the state's first Springfest.

The Expulsion/Suspension Rule was adopted in 1992.

The State Board of Education adopted by resolution on May 29, 1990, qualification standards required for all interscholastic coaches by the school year 1994-1995. These standards were proposed by Representatives of School Directors, Superintendents, Principals, Athletic Directors, Coaches, and WIAA. The standards were also required of Cheer coaches and Dance/Drill coaches beginning in 1996.

In 1992 WIAA's first fastpitch softball tournament for AAA, AA and A was held for those schools who elected to play fastpitch instead of slowpitch.

The 1996 Representative Assembly added a fifth classification of schools and a separate Middle Level Representative Assembly, beginning with the 1997-98 school year.

Girls' bowling came under WIAA jurisdiction as a winter sport through action of the 1999 Representative Assembly. The state event for Dance/Drill became a championship, rather than a conference.

The WIAA state office moved from Bellevue to Renton in 1999-2000. 2001 represented the inaugural year for the Scholastic Cup program, in which points were earned for the top schools in each classification. Points were earned for academic and athletic recognition and were deducted for ejections.

2004 marked the first girls' wrestling invitational held in conjunction with Mat Classic XIV. In the spring of 2004, ten individuals and one team were inducted into the WIAA Hall of Fame in a special recognition luncheon at Seahawk Stadium. Following the finalization of the sport seasons, schools had the option to declare cheerleading and dance/drill as an activity or as a sport.

Member high schools were divided equally into six classifications (1B, 2B, 1A, 2A, 3A, 4A) beginning with the 2006-07 school year. Thirteen new state championship tournaments were added as a result during the inaugural year.

The WIAA Executive Board was expanded to 13 members, with one from each of the nine WIAA Districts, and four regional representatives as a means to insure diversity of position, race, gender, and ethnicity in representing the member schools.

Mike Colbrese retired at the end of the 2018-19 school year after serving as the WIAA Executive Director for 26 years.

Slowpitch softball once again became a recognized WIAA sport, with a separate state championship event held in the fall of 2019-20.

The global COVID-19 pandemic forced the Association to cancel all state events beginning in mid-March 2020, extending through the end of the 2020-21 school year.

APPENDIX 16 – CO-OP AGREEMENT BETWEEN WIAA MEMBER SCHOOLS, LEAGUES, DISTRICTS AND WOA ASSOCIATIONS AND BOARDS

Parties: The Parties to this Co-Op Agreement are the member schools of the Washington Interscholastic Activities Association and the entities making up leagues and districts, represented by the WIAA Executive Director, and the member Associations and Boards of the Washington Officials Association, represented by the WOA Executive Director.

RECITALS

WHEREAS, the Parties each have unique roles and responsibilities with regard to the conduct of high school, junior high school, and middle school athletic contests, and

WHEREAS, the Parties desire to provide for the consistent statewide administration of high school, junior high school, and middle school athletic contests.

NOW, therefore, in consideration of the mutual covenants and promises contained herein, the Parties, intending to be legally bound, hereby agree as follows:

1. **Duration of Agreement:** This Agreement shall be in effect from August 1, 2020 through July 31, 2024, with the provision that any part of this Agreement can be reopened upon the mutual consent of the Washington Interscholastic Activities Association (WIAA) Executive Board and the Washington Officials Association (WOA) Executive Board.
2. **Service Area:** The service area includes all WIAA member middle schools, junior highs, and high schools. This includes all contests, varsity and non-varsity.
 - a. Only WOA officials are eligible to officiate scheduled contests.
 - b. School representatives do not have the authority to solicit officials directly for contests. All assignments must be made by and through the appropriate assigner for the respective WOA Association/Board
 - c. In case of an emergency, non-registered officials may be used as outlined in the WIAA Handbook.
 - d. Service areas disputes shall be addressed by the WIAA Executive Director and WOA Executive Director.
3. **Officials:** Officials must be members of the WOA as defined in Article I of the WOA By-Laws.
 - a. Registered and certified officials as defined by the WOA By-Laws shall be permitted to work sub-varsity and 7th/8th contests.
 - b. Certified officials as defined by the WOA By-Laws shall be permitted to work varsity contests.
4. **Contest Fees:** Shall be in accordance with the established WIAA / WOA fee schedule.
5. **Administrative Fee:** Administrative fees are included in the agreed upon contest fees.
6. **Local Association/Board Funding:** Assessment fees and/or dues paid by officials shall be used to contribute towards the funding of the local Association/Board.
7. **Invoicing:** As part of the co-op, schools will be invoiced a WOA membership fee within 60 days of the start of the season based on the fee schedule agreed upon by the WIAA and WOA. Upon completion of the regular season, the school will receive a reconciliation report outlining the number of contests and either the amount owed, or the credit being applied to the upcoming season. Payment is due within 45 days of the invoice date.
8. **Change Fee (Schools):** There is no change fee charged to the schools. Excessive non-weather related schedule changes in a given sport by a member school shall be reviewed by the WIAA Executive Director and WOA Executive Director.
9. **Late Fee (Schools):** **A 10% service charge will be assessed to WOA Membership Fee invoices that are not paid by the first game of the respective season. Invoices that remain unpaid at the end of the season will be assessed a 10% late fee. End of Season Reconciliation invoices not paid within 45 days of the due date will be assessed a 10% late fee.** If discrepancies in the invoice arise, it is the responsibility of the school administrator to contact the WOA prior to the due date to reconcile the invoice.
10. **Cancellation Fee (Schools):** If, after the official(s) arrive at the contest site, the contest (started or not) is cancelled/postponed, the contest fees and mileage shall be paid in full.

The time and method to communicate cancellations is to be set by the Association/Board and agreed to by the member schools they service. This time is not to exceed (five) 5 hours. Cancellations made without regard to the agreed upon time may result in a fee being charged to the school.
12. **No Show Penalty:** If a Confirmed Contest cannot be played due to the lack of officials, the schools and local association/board involved shall negotiate any monetary penalty, which shall not exceed the visiting team's transportation costs. If the parties are unable to do so, the parties may submit information pertaining to the no show to the WIAA Executive Director and WOA Executive Director in order to receive a ruling as to whether or not a penalty shall be imposed. The ruling may be appealed to a panel consisting of WIAA and WOA Executive Board members. No penalty or reimbursement shall be payable however, if the failure to appear is due to unforeseen circumstances, such as weather conditions affecting safe travel, or sudden onset of illness or injury. A Confirmed Contest is one that appears in ArbiterSports and has officials who have accepted the assignment. If the contest is not in ArbiterSports or officials have not accepted the assignment, the contest is not considered confirmed. The responsibility of verifying a confirmed contest is shared by the assigner, home athletic administrator, and visiting athletic administrator. If there are no officials available for a scheduled contest, it is the responsibility of the assigner to inform the home athletic administrator.
